WHG-NR-21-09

May 17, 2021

Vancouver, British Columbia: Whitehorse Gold Corp. (TSXV: WHG) ("Whitehorse Gold" or the "Company") announces that it has closed its previously announced private placement offerings and raised aggregate gross proceeds of approximately \$15.26 million.

The offerings consisted of: (i) a brokered private placement offering of units (each, a "Unit") and flow-through units (each, a "Flow-Through Unit") for aggregate gross proceeds of approximately \$13.44 million, inclusive of a partial exercise of the over-allotment option (the "Brokered Offering"); and (ii) a non-brokered offering (the "Non-Brokered Offering" and together with the Brokered Offering, the "Offerings") of Units and Flow-Through Units for aggregate gross proceeds of approximately \$1.82 million. Under the Offerings, the Company issued 6,287,300 Units and 3,646,025 Flow-Through Units.

The Brokered Offering was undertaken by BMO Nesbitt Burns Inc. (BMO Capital Markets) and Laurentian Bank Securities Inc. as co-lead agents and joint bookrunners, on behalf of a syndicate that included Red Cloud Securities Inc., Canaccord Genuity Corp. and Raymond James Ltd. (collectively, the "Agents").

Whitehorse Gold's CEO, Kevin Weston, commented, "We thank our current shareholders for their continued support and welcome new shareholders. As we prepare to initiate our 2021 exploration program at our Skukum Gold Project in southern Yukon, we are now well capitalized to undertake a significant drill campaign designed with the intention of expanding and upgrading our existing high-grade gold deposits on the project."

As previously announced, the Units were priced at \$1.50 per Unit and Flow-Through Units at \$1.60 per Flow-Through Unit. Each Unit consists of one common share of the Company (a "Share") and one Share purchase warrant (a "Warrant"). Each Flow-Through Unit consists of one flow-through share and one Share purchase warrant (a "Flow-Through Warrant"). Each Warrant entitles the holder to acquire one Share from the Company at a price of \$2.00 per Share for a period of 60 months following closing of the Offerings (the "Closing"). Each Flow-Through Warrant entitles the holder to acquire one Share from the Company at a price of \$2.10 per Share for a period of 60 months following Closing. In the event that the closing price of the Shares is greater than \$3.00 per Share on the TSX Venture Exchange ("TSXV") for a period of 10 consecutive trading days at any time after the Closing, the Company may accelerate the expiry date of the Warrants and the Flow-Through Warrants by giving written notice to the holders thereof, in the form of a press release, and in such case the Warrants and the Flow-Through Warrants will expire 30 days thereafter.

In connection with the Brokered Offering, the Company: (i) paid the Agents a cash commission equal to 6% of the gross proceeds realized by the Company from the Brokered Offering, excluding gross proceeds from the Silvercorp Participation (as defined below) and (ii) issued to the Agents warrants equal to 6% of the number of Units and Flow-Through Units sold under the Brokered Offering, excluding Units issued under the Silvercorp Participation. In connection with the Non-Brokered Offering, the Company paid aggregate finder's fees of \$9,180 and issued an aggregate of 6,000 broker warrants to Leede Jones Gable Inc. and National Bank Financial Inc.

The Company intends to use the net proceeds of the Offerings to support continued exploration of the Skukum Gold Project and for general corporate and working capital purposes. The Offerings remain subject to final approval of the TSXV.

The Shares of the Company comprising the Flow-Through Units were issued as "flow-through shares" with respect to "Canadian exploration expenses" within the meaning of the *Income Tax Act* (Canada).
